4. [ ] LIAISON Alan Romberg, in the office of Representative David Obey (D., Wis.), called in connection with the Congressman's request to be kept current on developments in the Middle East. [ ] Romberg said that Mr. Obey had received the material I had sent him and I said that if more was needed perhaps they would like to subscribe to the FBIS Daily Reports which are unclassified and at least reflect the media coverage of the area. Romberg thought this was a good suggestion and said this ought to satisfy their needs for now. I made it clear that if the Congressman wanted a briefing from time to time, we would be glad to arrange one.

Janka said it would most likely be vetoed.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 27 April 1976

1. [ ] HEARING Duke Short, Senate Judiciary Internal Security Subcommittee staff, called advising that the transcript of the testimony of [ ] was ready to be picked up. Later in the day, I called him to advise that arrangements were made for him to meet with May in a [ ] to go over the transcript.

2. [ ] HEARING Called Mike Duval, White House staff, and inquired whether an Administration position had been developed for a 31 December 1976 deadline for the destruction of improperly collected information by CIA and other agencies. He said there was no such position and that it would be best to leave the date open and resolve a specific date with the leadership of the Congress. He suggested this as the Agency position for the hearing before Chairwoman Bella Abzug's (D., N. Y.) Subcommittee on Government Information and Individual Rights, House Government Operations Committee. I had earlier called Bob Carlstrom, OMB, and he was unaware of an Administration position on the 31 December deadline.

3. [ ] LIAISON Called [ ] NSA, in response to his earlier call to [ ] He asked if the Agency had sent a written response to Chairwoman Bella Abzug (D., N. Y.), House Government Operations Subcommittee on Government Information and Individual Rights, in reply to her letter requesting that the Agency appear at a hearing on H. R. 169 and H. R. 12039, to amend the Privacy Act. I informed him that our response was in coordination with OMB and gave him the thrust of our position. He indicated that Lt. General Lew Allen, Director of NSA, will probably be requested to testify on [ ]

[ ] Later in the day, [ ] called and asked that he be called when the Agency receives from Archives a CIA document involving a sensitive project for review for declassification. He could not identify the document further. I called [ ] IPS, and gave him [ ] number to call when the document is received.

Glenn Beall (R., Md.), imposing criminal sanctions on disclosure of identities of U.S. foreign intelligence personnel. We then discussed at some length the companion bill by Representative Robert Michel (R., Ill.), S. 1 and the intelligence sources and methods legislation which had been transmitted to the Congress by the President. I promised to send Lombard background material on these measures.

6. [REDACTED] LIAISON Bill Hogan, Counsel, House Armed Services Committee, called concerning the letter he was drafting to GAO for review of a proposed sale of some Agency equipment and I told him that the GAO personnel had already called me and had been placed in touch with our people.

7. [REDACTED] LIAISON On a referral from Bob Wolthius, White House staff, spoke with Joe Jenx, also of the White House staff, concerning the procedures to be followed in connection with Mr. Knoche's confirmation hearing as DDCI. It was agreed that we would handle the courtesy calls and follow ups. I told Jenx that Ed Braswell, Senate Armed Services Committee staff, had indicated that the papers from the White House had not been received by the Committee and Jenx later called to report that the papers had arrived at the Committee so that the seven day waiting period could now toll.

12. [REDACTED] LIAISON Called Bill Hogan, Counsel, House Armed Services Committee, to urge him to call GAO as soon as possible to lay on the review of the proposed sale of Agency equipment and in response to his query, I told him I would send down a short fact sheet.

In response to my request, Hogan said the CIARDS amendment hopefully will be scheduled next week.

I also discussed courtesy calls for Mr. Knoche which would involve Representatives Melvin Price (D., Ill.), Lucien Nedzi (D., Mich.) Bob Wilson (R., Calif.), and Frank Slatinshek, Chief Counsel of the Committee.

13. [REDACTED] LIAISON Called Mason Cargill, ~~White House~~ staff, about information we will provide the Subcommittee on Government Information & Individual Rights, House Government Operations Committee and certain discrepancies between certain figures published in the Rockefeller Commission report and the errata sheet provided by the Agency. Cargill said he would look into the differences between the 150,000 names in the master index [REDACTED] as reported by the Commission and the 500,000 provided on our errata sheet.

14. [REDACTED] LIAISON Spoke further with John Watson and Walter Oshinko, GAO, concerning the statement they wish to insert in the Comptroller General's report on the Mayaguez that a copy of the report had been submitted to the Agency but the Agency elected not to comment. Watson agreed that this was not in line with the conditions agreed to between us when he called about sending the report to us but that "policymakers" in GAO felt that some comment was necessary. I told him that I was not concerned about words but I was concerned about editorializing and inferences which could be drawn that the Agency has refused to be cooperative when in fact we both know that the Director had written the Comptroller General explaining our policy in this connection and that indeed we had provided our input directly to the Subcommittee on International Political & Military Affairs, House International Relations Committee, for which GAO was preparing the report. I told Watson I would consult with my colleagues what we felt under the circumstances would be appropriate to reflect the fact that the Agency had been sent the report by GAO but had not made a comment.

10.  BRIEFING Accompanied  DDS&T/OWI, to a meeting with Senator Milton Young (R., N. Dak.) to review the status of the ABM system around Moscow. This came as a result of an earlier call by the Senator. Senator Young was under the impression that back in December we had indicated to him that the ABM system around Moscow was being modernized. We attempted to cover all issues which may have inadvertently been confused with the ABM system around Moscow but the Senator was quite certain of the impression he had gained last December. I offered to see if I could possibly clarify the matter any further and he told me he would appreciate my doing so.

11.  LIAISON Spoke with Tom Lattimer, DOD, and had numerous conversations with Jim Oliver, OMB, to get clearance for a letter to Senator Howard Cannon (D., Nev.) from the Director on S. Res. 400 raising the proliferation issue if an additional committee is created.

12.  LIAISON Called Mike Uhlmann, Department of Justice, to determine if they had arranged to follow Mr. Bush before the Subcommittee on Government Information & Individual Rights, House Government Operations Committee on Wednesday explaining that it was our feeling that it would be better for Justice to lay out the overall Executive Branch position and for the Director to follow their presentation. Uhlmann was in agreement with the soundness of the strategy but said that he had no control of the situation.

13.  LIAISON Called Bill Kendall, ~~White House~~ staff, to determine if the White House or ourselves would be handling the courtesy calls and related matters involving the confirmation of Mr. Knoche as DDCL. 25X1 4. [REDACTED] LIAISON Chuck Snodgrass, staff of the House Appropriations Committee, called and said that they had a hearing with Deputy Secretary of Defense Robert Ellsworth and General Aaron. During this hearing Snodgrass questioned General Aaron about a CIA report entitled, "1973 Arab-Israeli War; Overview of the Conflict." General Aaron says that our report is in error and Snodgrass has a memorandum from him stating this. Snodgrass wants a written response from us to General Aaron's memo and would like a briefing from the people who put our paper together at 10:00 on Thursday, 29 April. He suggests a half hour briefing which would cover not only the paper in question, but a briefing on CIA's position on electronic warfare generally.

Delivered to Ron Tammen, on the staff of Senator William W. Proxmire (D., Wis.), an Agency Intelligence Memorandum, entitled "The 1969 Soviet Defense Budget." He said that he would and said that he intended to return the document following a review of it.

13. [ ] LIAISON Took a call from John Matheni, NSC staff, regarding the follow-up to the Post Mortem on the Mayaguez incident. He asked if the existence of the follow-up was known to the staff of the Subcommittee on International Political and Military Affairs, House International Relations Committee, and whether the preparation for the follow-up had been requested by the NSC. The answer to both questions was no. He asked how I thought it should be presented to the Subcommittee and I told him that it would be best for the NSC to inform the Subcommittee staff of its existence in the same way they offered the Post Mortem to the staff since to do it any other way would mitigate against our stand as to the Post Mortem that it was an NSC document and that the staff had to ask the NSC for it. He said he would present this to Bud McFarland, NSC staff, and get back to me.

15. [ ] LIAISON I called Bill Hogan, Chief Counsel, House Armed Services Committee, with respect to his letter requesting unclassified information which could be used to answer Representative Andrew J. Hinshaw's (R., Calif.) letter to Representative Melvin Price (D., Ill.), Chairman of the Committee, regarding the Time magazine article on the SR-71, supposedly chased by Israeli jets and the shelling by the Israelis in 1967 of the Liberty. I outlined to him the difficulties in handling such information in unclassified form. He said he understood and would try to take care of the matter without any further input from us.

16. [ ] LEGISLATION Received a call from Wendell Belieu, House Budget Committee, advising that our bill amending CIARDS would definitely have to be amended to make it effective on 1 October 1976 since a prior effective date would violate the Budget Act. This would not affect the retroactive benefits in the bill. Belieu also raised a problem concerning Rule 21, of House Rules, and the exclusive jurisdiction of the House Appropriations Committee on appropriation bills. Later in the day, I met with Keith Mainland, Staff Director, House Appropriations Committee, and discussed Belieu's call. Mainland said he was aware of Rule 21's affect on our bill. He assured me that they would work something out and he would call me in a few days. I left with him a copy of the clean bill as reported by the House Armed Services Subcommittee on Investigations.

He said he would like for me to attend the meeting.

We then discussed the draft letter that I sent to Mike Duval, White House staff, per his request, which the President can send to the Senate Select Committee regarding the publication of the Intelligence Community budget figure. He said that they had made a few changes and proceeded to give me the changes. They will now show it to the President.

SC/DCI, and I attended a meeting at the White House chaired by Jack Marsh, Counsellor to the President, to discuss Representative Bella Abzug's (D., N.Y.) request for testimony from the Department of Justice and the Agency on her amendments to the Privacy Act which would repeal the Agency's exemption from that Act and would also require notification of persons whose mail was intercepted on both ends of the communication. It was agreed that we would prepare a suggested Administration position on this legislation and meet again Monday morning.

[ ] and I also talked with Mr. Marsh about the developments concerning Chairman George Mahon's House Appropriations Defense Subcommittee and Angola. Mr. Marsh suggested that I discuss the matter with Don Ogilvie, Associate Director for National Security and International Affairs, OMB.

Mr. Marsh mentioned the regular White House Smoker for members of the Congress and suggested that I might wish to attend. I told him I would be happy to come to the Smoker this evening. Unfortunately this session was later scrubbed for the lack of Congressional acceptances.

7. [ ] LIAISON Met with Jim Calloway, Senate Appropriations Committee staff, and Ed Braswell, Senate Armed Services Committee staff, to keep them posted on the latest developments in the House Appropriations Defense Subcommittee regarding our [ ] program. I promised to keep both informed on the ultimate resolution of this problem and told Calloway that if the Director appeared before Chairman George Mahon, House Appropriations Defense Subcommittee, as we hoped he would, that we would also offer the same treatment for the Senate Appropriations Committee. Calloway was most appreciative of my keeping him informed on this matter as Braswell and Guy McConnell, Senate Appropriations Committee staff, have been in the past.

8. [ ] LIAISON Mr. Arnold Punaro, in the office of Senator Sam Nunn (D., Ga.), called and requested ten copies of the publication, "A Dollar Comparison of Soviet and U.S. Defense Activities, 1965-75." I told him we would put these in the mail for him.

5. [ ] LIAISON Received a call from Chuck Snodgrass, staff of House Appropriations Committee, who said unfortunately, he would not be able to have the report the Director had requested containing his comments on the relative merits of the NID vs. the Checklist from his standpoint ready, but he hoped to have the paper ready next week.

I said I hoped Snodgrass had some encouraging information from the Defense Subcommittee meeting today to which he replied that he didn't feel he was even at liberty to acknowledge that a meeting took place.

6. [ ] LIAISON I placed a call to Chairman George Mahon, House Appropriations Committee, and asked him if he could give me any information on the Defense Subcommittee session today. Mr. Mahon said all he could say was that it was not a satisfactory meeting, that it was interrupted several times by votes and he thought it might be necessary for the Subcommittee to have the Director come up and meet with them sometime next week. I told him I was sure the Director would welcome such an opportunity, especially since it is imperative that we get some resolution of the Angolan problem as soon as possible.

7. [ ] LIAISON At the Director's suggestion, I called Bill Hyland, Deputy Assistant to the President for National Security Affairs, and gave him a brief fill-in on the House Appropriations Defense Subcommittee session this afternoon. Hyland said he thought the Director should send a detailed memorandum on the subject to the President and I told him we would prepare a paper along these lines. I also mentioned, however, that the Director had been keeping the President informed personally on this situation.

9. [ ] LEGISLATION In the absence of Representative Jack Kemp (R., N. Y.), spoke with Randal Teague, Administrative Assistant, and I asked that he be sure Mr. Kemp is aware of the time compression on past commitments which would result if Section 404(b) of S. 2662 were enacted.

10. [ ] LEGISLATION Called Bud McFarlane, NSC staff, to advise him of the time compression on past commitments if Section 404(b) of S. 2662 were enacted. He appreciated being kept up-to-date and was interested in any feed back we obtain on the deliberations with the Defense Subcommittee of House Appropriations Committee.

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 1 April 1976

1. [REDACTED] ADMINISTRATIVE Called Bud McFarlane, NSC staff, and alerted him to the letter from Chairman Jonathan Bingham, Subcommittee on International Trade and Commerce, House International Relations Committee, requesting a briefing on the intelligence community role on export licensing and advanced technology. He said he could see a "potential for mischief" in this. He said he would bring this to the attention of General Brent Scowcroft, White House, and get back in touch with me.

25X1

2. [REDACTED] HEARINGS Attended the second day of hearings before the Senate Committee on Rules and Administration on S. Res. 400. Although six witnesses were scheduled, the Committee spent the entire session questioning Senator Frank Church (D., Idaho). (See Memorandum for the Record.)

25X1

3. [REDACTED] LEGISLATION I spoke with David Bushong, on the staff of Senator James Pearson (R., Kans.), just before the Senate Committee on Rules and Administration hearings began. Bushong has been handling this issue for the Senator and drafted S. 2983, Senator Pearson's oversight proposal. We discussed the Agency's sources and methods proposal, and Bushong said he thought Senator Pearson would be willing to introduce a slightly watered-down version if Senator John Tower (R., Tex.) or Senator John Stennis (D., Miss.) decided against it. He asked that we keep him informed of Senate or Executive branch action on the bill.

25X1

4. [REDACTED] ADMINISTRATIVE - DELIVERIES. Delivered to the office of Representative Larry McDonald (D., Ga.) for Sue Huck a copy of the Soviet Agricultural Atlas. Huck had also requested an atlas of Southeast Asia, but one is no longer available.

15. [ ] LIAISON John Watson, GAO, called on a Comptroller General report on the Mayaguez incident being prepared for the Subcommittee on International Political & Military Affairs, House International Relations Committee, and said that a staff member of the National Security Council had suggested that it be made available to the Agency for review in the interest of assuring the comprehensiveness of the report. Watson is sending the report to us on the condition that we are not required to make an input and no mention will be made of this review by the Agency if we decided not to make any comment. The report will be reviewed by [ ] IC Staff, and [ ] NIO Staff.

16. [ ] BRIEFING Met with Mike McCloud, Staff Director, and Harlan Strauss, on the staff of the House Republican Conference, and reviewed arrangements for the Director's appearance on 6 April. It was agreed that Chairman John Anderson (R., Ill.) will, in his opening remarks, indicate that the discussion is to be limited to substantive intelligence information and will not include any operational information. Since there is no way to anticipate whether questions asked will require a classified response, McCloud said that he would prefer that no staff members of the House Republican Conference participate since none of them hold security clearances. Strauss said he would have a tally clerk listing of those members who did attend the session and would provide us a copy of that document. They also raised the possibility of conducting similar sessions periodically. I recommended that we see how the first session goes and that if it goes well, we not set up a scheduled session since I thought the interest would tend to wane but that we provide briefings on topics which generate substantial interest. They agreed.

25X1

17. [ ] LIAISON Called Chuck Meissner, Senate Foreign Relations Committee staff, to determine the background of the statement in Jack Anderson's 23 March 1976 column that the Agency had provided the Subcommittee on Multinational Corporations, Senate Foreign Relations Committee, a biographical report on [ ] [ ] Meissner reviewed the executive session of the Subcommittee when Senator Charles Percy (R., Ill.) referred to the report we had furnished him. (See Memorandum for the Record.)

9. [REDACTED] BRIEFING I took a call from John Isaacs, on the staff of Representative Stephen J. Solarz (R., N.Y.), who wanted to change the hour of the briefing to 2:00 p.m. on 2 April. The hour was reset and [REDACTED] OCI, was advised.

10. [REDACTED] BRIEFING In response to his request, I informed Brian Atwood, on the staff of Senator Thomas F. Eagleton (D., Mo.), that we could brief him on Spain at the Agency at 4:00 p.m. that same day. I later accompanied Mr. Atwood to [REDACTED] office, OCI, where Atwood was briefed on the political aspects of Spain with particular emphasis on the role of the Communist Party.

11. [REDACTED] LIAISON After checking with [REDACTED] OCI, I called Hal Rosenthal, on the staff of Senator Jacob K. Javits (R., N.Y.), and answered his questions regarding USSR oil supply and the wheat supply in Africa.

12. [REDACTED] BRIEFING I spoke with Victor Johnson, on the staff of the Subcommittee on International Trade and Commerce, House International Relations Committee, and told him we were still working on the Subcommittee's request for a witness at the Subcommittee hearing on export licensing. I told him I would get to him as soon as we had finalized the details. The hearing is now scheduled for 2:00 p.m. on 8 April.

25X1

13. [REDACTED] LIAISON I spoke with [REDACTED] DIA, and told him we would probably provide a witness for the hearing of the Subcommittee on International Trade and Commerce, House International Relations Committee, and that we would be back in touch. He stated that [REDACTED] would be their main witness. [REDACTED] OCI, was advised of this conversation.

14. [REDACTED] LIAISON After checking with [REDACTED] IC Staff, regarding the follow-up of the Mayaguez Post Mortem, I called John Matheni, National Security Council, and suggested that they might want to show the document to the staff of the Subcommittee on International Political and Military Affairs, House International Relations Committee, since it shows how problems raised in the Post Mortem have been remedied and would fill out the picture for the Subcommittee staff. He thought it would be a good idea and would like to get a copy to review. Baier will give us a copy for forwarding to Mr. Matheni, at the White House Situation Room.
